For 2017-2018, SEFLIN will continue to extend access to the statewide interlibrary ground delivery service for all FLIN libraries, using the same policies extended to SEFLIN member libraries. The statewide interlibrary ground delivery service will be funded by the Library Cooperative Grant. The subsidy is prorated based on the library's interlibrary loan activity:

ILL transactions	Delivery
1 – 999	= 2 delivery stops
1000 – 2999	= 3 delivery stops
3000 – 4999	= 4 delivery stops
5000 +	= 5 delivery stops.

Libraries may add delivery stops for a discounted price.
